

## Class tournament: the rules

1. Each match is between two players with one pack of Veggie Trumps.
2. Shuffle and deal all the cards face down. Hold your cards so you can only see your top card.
3. The younger player starts. Choose a value from your top card, for example "Vitamin C, 59".
4. Your opponent reads the same value from their top card. The highest number wins both cards.  
Playing with stars? Green beats amber, which beats red.
5. If it's a draw, both cards go in the middle. The winner of the next round takes them all.
6. The winner of each round chooses next.
7. Each match lasts **5 minutes**. When time is up, count your cards. Most cards wins and goes through to the next round.
8. Shake hands at the end of every match. Good sports get noticed!

**Referees:** players who are knocked out can be referees. They watch a match, check the numbers and keep time.

# Tournament bracket

Write the players' names in Round 1. Fewer than 16? Some players get a "bye" straight into the next round.
